Happy New Year, everyone and thanks to all that made last year so good right through our Christmas party and the wonderful rare flying days in late December. ### Christmas Party by Christy Bauer

### Airplane Cleaner:

5 cups water  
1/2 cup of ammonia  
1 cup rubbing alcohol  
1 oz. of **DAWN** dish detergent

Mix all ingredients in a clean milk jug, pour enough in a small spray bottle for field use. This solution cuts thru the oil buildup on the underside of your plane and leaves it squeaky clean.

**Caution:** Dawn seems to be the only dish detergent that cuts all the oils and doesn't leave a residue on the plane.

The New Year is here and I hope everyone will have a successful flying year. Please remember we have a lot of new members, so please introduce yourself if you don't recognize someone and always lend a helping hand if you notice someone needs help.

Just a reminder ....Safety first, fun is second.

One hand in a spinning prop will cost around \$9000.00, and if you don't believe me, just ask Benny. 🤔

Happy Landings,  
Christy Bauer 🐰👍

PS: 2005 Membership Cards can be picked up at the January 20th Meeting
