state of completion) to the meetings for show and tell. Jim.

See you all at the meeting
January 18, 2007

First I would like to wish everyone a happy and healthy new year. With the start of the new year we can look back at 2006 and say what a memorable year. I am looking forward to seeing everyone at the field this year and hopefully we can all do a lot more flying than last year. Please try and attend as many meetings as possible and also don't forget to bring your winter projects (in any

There are no Minutes for the December meeting as no business was conducted due to the Christmas Party.

2007 Applications will be accepted at the January 18, 2007 meeting.

The By Laws with the changes discussed at the November meeting implemented will be voted on at the January 18 meeting.

From The Editor:

I would like to thank Christy Bauer for all the hard work she put into make the Christmas party a success. The food and conversations were great. Thank you Christy. As you all can see from the pictures everyone had a great time.

Airplane Cleaner:

5 cups water
1/2 cup of ammonia
1 cup rubbing alcohol
1 oz. of **DAWN** dish detergent

Mix all ingredients in a clean milk jug, pour enough in a small spray bottle for field use. This solution cuts thru the oil buildup on the underside of your plane and leaves it squeaky clean.

Caution: Dawn seems to be the only dish detergent that cuts all the oils and doesn't leave a residue on the plane.

More Pictures will be on the web site in the month of January. All pictures taken by Leo Jones. Thanks Leo. Pictures taken by Chuck Shull from the October Picnic will also be added to the web site albums this month.

The following list was obtained from a leading national community service organization. We can all learn from it.

1. Don't attend meetings, but if you do, arrive late.
2. Be sure to leave before the meeting is over and make sure everyone hears you leave.
3. Sit in the back so you can talk with other members during the meeting.
4. Never have anything to say at meetings; wait until you get outside, then always be negative.
5. After meetings, find fault with club officers and fellow members.
6. Hold back your annual dues as long as possible, or better yet, don't pay at all.
7. Never accept an office or serve on a committee. It is much easier to criticize than to do.
8. When everything else fails, abuse the club's officers.
9. Don't bother enlisting new members; let the others do it all.
10. At meetings, agree to everything, then go home and do nothing.
11. Don't tell the club how its policy can help you, but if it doesn't help you, tell everyone else it's useless.
12. Do nothing more than what's necessary, but when other members roll up their sleeves and willingly use their ability to help matters along, complain that the club is being run by a clique or dictator.
13. Talk cooperation but never cooperate.
14. Get all that the club has to give but give nothing in return.
15. Threaten to leave the club if something isn't the way you want it.
16. If you're asked to help, always say you don't have time.
17. Never read any mailings or seek information. You might find out what's going on.
18. If appointed to a position, never devote any time to it. Let someone else do it all.
19. Overlook your own shortcomings and concentrate on what they are not doing.
20. Repeat all the unpleasant things about your club to anyone who will listen.
21. Always criticize club officers whenever the opportunity arises.

The Editor

Bob Buss

If you have anything in the area of R/C Aircraft or Accessories you want to sell submit them to me at Webmaster@orchardfarmrc.com or regular mail:

Orchard Farm RC Flying Club
710 Barbara Dr.
O'Fallon, Mo. 63366

and I will put them in the newsletter. Pictures are encouraged.
I can also put them on the WEB Site.
