Members donated the money to pay for the sprayer and President Bauer thanks all of those generous members.

Airplane Cleaner:

5 cups water
1/2 cup of ammonia
1 cup rubbing alcohol
1 oz. of **DAWN** dish detergent

Mix all ingredients in a clean milk jug, pour enough in a small spray bottle for field use. This solution cuts thru the oil buildup on the underside of your plane and leaves it squeaky clean.

Caution: Dawn seems to be the only dish detergent that cuts all the oils and doesn't leave a residue on the

changes recommended. Fireworks options were suggested.

Tentative plans are set for a club fly-in on September 12 and 13 with details to be determined..

Bob Buss suggested encouraging visitors to come to the meeting. Steve Chappell will make a brochure to advertise the club meetings.

Gift cards were won by Sam and Christy.

Meeting adjourned at 7:47.

Wanted 100cc Airframe

I lost my 35% SD-models Yak yesterday (engine quit in inverted harrier). So I'm looking for a 100 cc airplane. I like Yaks, Caps, Extras, you-name-it. So if you know anyone that has a 100 cc airframe for sale, please contact me. I have engine, servos, radio, etc. so all I am looking to buy is the airframe itself.

I like to build, so with the bad weather upon us, I may just build a Dalton Aviation 35% Extra 260. Any opinions appreciated.

A Little Thought

Success:

Some people dream of success while others wake up and work hard at it.

Elbert Hubbard:

The man who is anybody and who does anything is surely going to be criticized, vilified, and misunderstood. This is part of the penalty for greatness, and every man understands, too, that it is no proof of greatness.

Michael Jordan:

I've missed more than 9,000 shots in my career. I've lost almost 300 games. 26 times I've been trusted to take the game winning shot and missed. I've failed over and over and over again in my life and that is why I succeed.
