amount of "bubbles" between the two layers of film.

Finally I would like to thank Dale Bax for all the effort he has put forth in our efforts to locate a new facility, we truly are lucky to have him involved in our search.

Please plan on attending the next meeting, as per previous meetings, we will be bringing everyone up to speed on the latest news in regards to a new flying site.

The Spirits of St. Louis/Phantom Flyers swap meet is fast approaching, consider attending this event as there is always some good deals to be had.

I'll be putting on a demonstration at the meeting on how to apply Monokote trim over other film coverings. This method uses no heat and greatly reduces the

Secretary's Minutes

By
Jim Bauer

The meeting was called to order at 7:00 PM by the Club President Doug Bruening with 4 Officers, 20 Members present.

The minutes of the January meeting were accepted as published in the February newsletter.

The Treasurers Report: was accepted as read.

There was no old business

New Business

The Knights of Columbus bought the 4.1 acres north of Knapheide and south of our runway. We will not be able to over fly their area in the future. When construction starts we can not fly from the present field.

Dale Bax reported that he has located a new site for our field off highway H and Barwise Rd. He has worked out a minimum 5 year lease at \$400.00 an acre to lease 10 acres. This site is located 8 Mi. North of 370 up highway 94.

The Boeing swap meet March 25th at Fort Zumwalt South.

Club will need volunteers to help develop the new site.

Propnuts Charter expires March 31 2006, therefore we will not be able to fly at our existing site past that date or until we change ownership.

Bob Buss motioned and Travis Kleckner 2nd to go ahead with the new site. The vote was unanimous in favor.

Field Marshal for 2006 Leo Jones
Safety Officer for 2006 Chris Winn

When the Frequency Board comes down **No More Flying!!!**

50/50 Drawing won by John Bolesta. \$15.00 Club \$15.00.

Airplane Cleaner:

5 cups water
1/2 cup of ammonia
1 cup rubbing alcohol
1 oz. of **DAWN** dish detergent

Mix all ingredients in a clean milk jug, pour enough in a small spray bottle for field use. This solution cuts thru the oil buildup on the underside of your plane and leaves it squeaky clean.

Caution: Dawn seems to be the only dish detergent that cuts all the oils and doesn't leave a residue on the plane.

Attendance Prizes won By: Clark Greene
Gary Frost

SHOW AND TELL

Electric Helicopter
Counter rotating blades with dual motors so tail rotor not needed.

(It's Cute) from Barb Bolesta(his wife) for a Christmas Gift that was suggested By Dale Bax.

\$189.00 Total Package.

Meeting Adjourned: 8:00 PM

The Swap Shop

Dan Dierking Sale FOR SALE: Goldberg Sukhoi - \$600

This plane is absolutely gorgeous and ready to fly after you add your receiver. The engine is a YS 140 Sport, the servos are JR 4721 for rudder and elevators, JR 531's for ailerons and JR 811 digital for throttle. The Sukhoi flies great precision aerobatics, has large control surfaces for 3D and has a super light wing loading so it slows down to a crawl for landing. This plane is available for local sale only and you may contact me to see it before you buy. I can also sell the JR R700 receiver in it for an additional \$50. I also purchased a Mc Daniel onboard glow driver, but never installed it because the engine runs so well. I will sell it for \$40, what I paid for it. Local pickup only. I'm selling to pay for my 30% project.

Call Dan @ 636-236-2693 for more info.
