See you all at the meeting
March 15, 2007

It looks like the extreme cold weather is over and the flying season is just around the corner. Just a friendly reminder to check batteries, replace fuel lines, snug down motor mounts etc. The field looks to be in great shape, just about the way we left it late last fall. The only thing we ask is that you exit your vehicle just inside the gate, walk out on to the field to be sure its ok to drive out. Just use common sense. We should have some show

Secretary's Minutes

As recorded by
John Bolesta

Meeting adjourned at 7:30 pm.

The February meeting was called to order at 7:05 pm on 2-15-07 with ten members present including two officers and one board member.

Previous meeting minutes were approved as was the treasurer's report which showed a balance of \$4,810.59

The safety report suggested a frostbite alert and the field was reported in good condition.

Current membership is at 41, rather high for this early in the year.

Old business reported that the AMA grant had been checked and submitted. Results should be known in the near future.

New business was a call for volunteers for an Open House or Fun-fly, possibly on June 2 or 9.

The new club by laws are posted on the web site along with the current roster. You can now view this year and last year roster. After the March meeting only members with current 2007 membership up to date will have access to the roster and member area on the WEB Site.

Airplane Cleaner:

5 cups water
1/2 cup of ammonia
1 cup rubbing alcohol
1 oz. of **DAWN** dish detergent

Mix all ingredients in a clean milk jug, pour enough in a small spray bottle for field use. This solution cuts thru the oil buildup on the underside of your plane and leaves it squeaky clean.

Caution: Dawn seems to be the only dish detergent that cuts all the oils and doesn't leave a residue on the plane.

Jim Bauer and Jim West won the Mart Twain Hobby gift cards.
