Volume 28 Issue 4

President's Plug

By
Doug Bruening

Development at the new field is well underway. Grass seed is scheduled to be planted by Easter and our storage locker will be delivered around that time as well. The large tree on the South end of the field will be removed; if anyone needs firewood for next winter, let us know! We are currently thinking the field will be up and running, ready for use by early June. I have received a good deal of correspondence from the

Presidents of other clubs in our area offering their support and congratulations on our new facility. I also spent some time in Jefferson City and was introduced to the president of JCRC who invited our club to their float fly in June. Check out their website at www.jcrc.com.

I'd like to plan a club get together for the new field's grand opening, plan on bringing those brand new planes for their maiden flight! We'll have a drawing to see who gets the first flight at the new field. Hopefully no one claims the "first crash" honors for a while!

See you at the meeting!

See You There!

Secretary's Minutes

By
Jim Bauer

The March 16th meeting was called to order at 7:00 PM by the Club President Doug Bruening with 4 Officers, 19 Members present.

The minutes of the February meeting were accepted as published in the March

newsletter.

The Treasurers Report: was accepted as read.

There was no old business

New Business

Dale Bax reported that he encountered an irate farmer about our intentions to build a flying site. He spoke to the property owner and we are no longer leasing that piece of property.

Dale will pursue other pieces of property up HWY 79.

We will try to continue using our current site.

Please put your feelers out for potential property to lease.

When the Frequency Board comes down **No More Flying!!!**

50/50 Drawing won by Matt Gulsvig. \$15.00 Club \$15.00.

Attendance Prizes won By: Jim West Gift Cards \$10.00 EA.
Joe Pallardy

Door Prizes compliments

Airplane Cleaner:

5 cups water
1/2 cup of ammonia
1 cup rubbing alcohol
1 oz. of **DAWN** dish detergent

Mix all ingredients in a clean milk jug, pour enough in a small spray bottle for field use. This solution cuts thru the oil buildup on the underside of your plane and leaves it squeaky clean.

Caution: Dawn seems to be the only dish detergent that cuts all the oils and doesn't leave a residue on the plane.

SHOW AND TELL

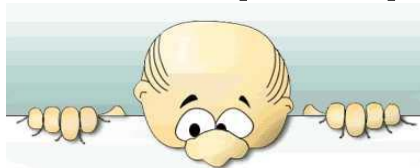

John Rawlings Build of Great Planes P-51

**Robart Retracts
Saito 220
Weight 19.5 LBS
On Board Glow Driver**

Meeting Adjourned: 8:00 PM
