for volunteers to sign up for various work details at the Huckfest.

Thanks,  
Jim B

We need everyone's help. Part of the success of the upcoming Huckfest will depend on revenue generated from spectator food concessions, I'm asking every member to download the attached flyer, make a dozen or so copies and pass them out to your friends, family members, neighbors and co workers. Let's try and more than double the amount of spectators we had last year. A sign up sheet will be available at the next meeting

**Don't forget the meeting this Thursday May 21, 2009**

**This will be a business meeting**

See you all at the meeting

### From The Editor:

On April 16, 2009 twelve or fourteen members gathered at the Senior Center in St Peters to tell war stories, lies and just good camaraderie. The group broke up a little after 9 PM. Some of the evening was spent drinking coffee and eating goodies. Bob Buss showed his new starter he acquired at the Toledo RC Expo. It featured a reduction system that triples the torque for starting large engines.

Also at the show was 36 ft. Model of an Saturn V rocket. The rocket reaches an altitude of 4500 ft. A video of the launch made the Fox News and can be seen at this site.

### **Airplane Cleaner:**

5 cups water  
1/2 cup of ammonia  
1 cup rubbing alcohol  
1 oz. of **DAWN** dish detergent

Mix all ingredients in a clean milk jug, pour enough in a small spray bottle for field use. This solution cuts thru the oil buildup on the underside of your plane and leaves it squeaky clean.

**Caution:** Dawn seems to be the only dish detergent that cuts all the oils and doesn't leave a residue on the

## **Wanted 100cc Airframe**

I lost my 35% SD-models Yak yesterday (engine quit in inverted harrier). So I'm looking for a 100 cc airplane. I like Yaks, Caps, Extras, you-name-it. So if you know anyone that has a 100 cc airframe for sale, please contact me. I have engine, servos, radio, etc. so all I am looking to buy is the airframe itself.

I like to build, so with the bad weather upon us, I may just build a Dalton Aviation 35% Extra 260. Any opinions appreciated.

## **Editors Note:**

As many of you already know it was decided at the January meeting that we would have meetings every month in 2009. However all meetings will not be business meetings. Some meetings will be more social type meetings were members and guests will get together and share ideas and visit with one another. So bring in your projects and share them with the rest of the Club.

Below is a schedule of meetings for 2009.

February 11*	Social Meeting
March 19	Business Meeting
April 16	Social Meeting
May 21	Business Meeting
June 18	Social Meeting
July 15*	Business Meeting
August 20	Social Meeting
September 17	Business Meeting
October 15	Social Meeting
November 19	Business Meeting
December 17	Social Meeting

\* Meetings that are not on a Thursday

Meeting dates are also on the Web Site events calendar.  
Looking forward to seeing you all soon.
