Sec. Christy Bauer 300-1480

## Board Members

1Yr. Mike Lucido  
2Yr. Al Grossman  
3Yr. Chuck Shull

## Presidents Plug

The last meeting was held at the field and everyone had a great time. I'm sorry I missed it. Our Training program is in place and working well. I myself have been working with three students when the weather cooperates. I hope to have a computer done this week with Real Flight Simulator on it that I will bring out to the field for students to use as well as the trainer plane. The weather has not been in our favor the last few weeks but that has not dampened the

spirit of most members. It is nice to see a good turn out at the field even it is hot during the day. Most people have been out late evening and staying to dark. We can use help in assisting new members with there planes and the hobby in general. I know we have a wealth of information to share with these folks. Come on out and share it.

**Reminder: Next meeting is at the field see you there. July 17.**

## Secretary's Minutes for June, 2003

Meeting called to order at 7:05 PM with 18 members and 3 officers in attendance.

**Meeting Minutes** The minutes from the previous meeting were accepted as published in the newsletter.

**Treasurer Report** Report was accepted as read.

**Safety Report:** None

**Field Report:** Field in good shape.

## Editors Note:

Our WEB address is:

[www.propnuts.net](http://www.propnuts.net)

Anyone wishing to make an announcement or publish an article in the newsletter may do so by submitting it to me no later than the second Monday of the month in which you wish to have it published.

## Airplane Cleaner:

5 cups water

1/2 cup of ammonia

1 cup rubbing alcohol

1 oz. of DAWN dish detergent

Mix all ingredients in a clean milk jug, pour enough in a small spray bottle for field use. This solution cuts thru the oil buildup on the underside of your plane and leaves it squeaky clean.
