from EMS, police and Post-Dispatch reporters investigating the mistaken report of an airplane crash.  
**Hear all about it at our upcoming meeting.**

We've made our way from rain and wind to dry and hot and midway through the flying season, things look good.

It has been fun to see so many of our new flyers doing so well and nice to see the help our experienced members are offering. The only excitement was the visit

" We all get heavier as we get older because, there's a lot more information in our heads."

So I'm not fat, I'm just really intelligent and my head couldn't hold anymore so it started filling up the rest of me!

leopard, "That was close! That old poodle nearly had me!" Meanwhile, a monkey who had been watching the whole scene from a near by tree, figures he can put this knowledge to good use and trade it for protection from the leopard. So off he goes, but the old poodle sees him heading after the leopard with great speed, and figures that something must be up. The monkey soon catches up with the leopard, spills the beans and strikes a deal for himself with the leopard. The young leopard is furious at being made a fool of and says, "Here, monkey, hop on my back and see what's going to happen to that conniving canine!" Now, the old poodle sees the leopard coming with the monkey on his back and thinks, "What am I going to do now?", but instead of running, the dog sits down with her back to her attackers, pretending she hasn't seen them yet, and just when they get close enough to hear, the old poodle says, "Where's that monkey? I sent him off an hour ago to bring me another leopard!"

**Moral of this story ...** Don't mess with old folk ...age and treachery will always overcome youth and skill!. Bullshit and brilliance only come with age and experience!

## The Old Poodle

A wealthy old lady decides to go on a photo safari in Africa, taking her faithful aged poodle named Cuddles, along for the company. One day the poodle starts chasing butterflies and before long, Cuddles discovers that she's lost. Wandering about, she notices a leopard heading rapidly in her direction with the intention of having lunch. The old poodle thinks, "Oh, oh! I'm in deep doo-doo now!" Noticing some bones on the ground close by, she immediately settles down to chew on the bones with her back to the approaching cat. Just as the leopard is about to leap, the old poodle exclaims loudly, "Boy,that was one delicious leopard! I wonder if there are any more around here?" Hearing this, the young leopard halts his attack in mid-strike, a look of terror comes over him and he slinks away into the trees. "Whew!",
