**President's  
Plug**

**By  
John Bolesta**

Hi,  
With the wonderful weather and our many new members, the field has seen a lot of use lately and some of the habits we developed during times of low usage are now a bit troublesome. Please, let's all try to make flying enjoyable and safe for everyone. This means sharing fre-

quencies and flying time. Also, being more alert in the crowded pit area as well as staying within our airspace: east of the road and well away from the houses and businesses near our field, especially the new building to the south. End of speech.

Thanks in advance for your cooperation.

If there's anything you want to add to the agenda, call or write:

## **Thoughts for the Day**

"A good friend will come and bail you out of jail...but, a true friend will be sitting next to you saying, "Damn...that was fun!"

When I was young we used to go "skinny dipping," now I just "chunky dunk."

Why is it that our children can't read a Bible in school, but they can in prison?

Bumper sticker of the year: "If you can read this, thank a teacher....and since it's in English, thank a soldier."

I don't approve of political jokes. I've seen too many of them get elected.
