Thanks again for everyone's support,

Our open house (Sat. and Sun. Sept 12th, 13th) is just about a month away. We need volunteers once again to work concessions both days, if we get enough volunteers no one should have to work more than a half hour or so. If you have not helped out in the past please try and do so. Contact Vince Russo at 636-978-0046 and let him know when you are available. Also pass the word around and let's try and get a lot of spectators at this event.

**Don't forget the meeting this Thursday August 20, 2009 at the field.**

### From The Editor:

**Bob Buss**

I would like to apologize for not having a news letter every month for the past few months as I attended to my wife's health concerns.

For those who don't now my wife was diagnosed with Brain, Liver and Lung Cancer on June 3, 2009 and was unable to take care of her self. She passed away on July 7, 2009. Her interment was in Jefferson Barracks National Cemetery on July 13, 2009. I would like to thank everyone for their support and especially to the Club for the donation they made to the Wounded Warriors in Memory of Gloria Rose Buss.

### Airplane Cleaner:

5 cups water  
1/2 cup of ammonia  
1 cup rubbing alcohol  
1 oz. of **DAWN** dish detergent

Mix all ingredients in a clean milk jug, pour enough in a small spray bottle for field use. This solution cuts thru the oil buildup on the underside of your plane and leaves it squeaky clean.

**Caution:** Dawn seems to be the only dish detergent that cuts all the oils and doesn't leave a residue on the

## Wanted 100cc Airframe

I lost my 35% SD-models Yak yesterday (engine quit in inverted harrier). So I'm looking for a 100 cc airplane. I like Yaks, Caps, Extras, you-name-it. So if you know anyone that has a 100 cc airframe for sale, please contact me. I have engine, servos, radio, etc. so all I am looking to buy is the airframe itself.

I like to build, so with the bad weather upon us, I may just build a Dalton Aviation 35% Extra 260. Any opinions appreciated.
