President's Plug

By
Jim Bauer

The open house is history, Perfect weather, great food, and a lot of good flying by the 24 registered pilots. There were turbine jets, helicopters and fixed wing airplanes in all shapes and sizes. Net profit for the 2 days was \$ 696.85. Once again there are too many names to mention but thanks to all the volunteers, the flyers who showed up and the members who came out even if you did not fly to support the club. These events are the only thing keeping the club

in the black at this time. I still come across individuals at the field who find it hard to believe it takes about \$ 9200.00 a year to operate this club. Last Friday we put down 2000 lbs of much needed fertilizer and once again some of our members came thru with enough donation money to purchase the fertilizer. Guys thanks again. On a sad note, one of our clubs founding members, Paul Shamel passed away Sept 9th, Paul has not been an active member of the club for at least 7 years due to health issues, but was a very active member back in the 80's and 90's. Don't forget we have a meeting this Thursday at the senior center, Hope to see you there.

See You There!

Secretary's Minutes

As recorded by
John Bolesa

The Meeting was held at the field and there were no minutes.

was a cop writing out a parking ticket. We went up to him and said, 'Come on man, how about giving a senior citizen a break?'

He ignored us and continued writing the ticket. I called him a Nazi turd.

He glared at me and started writing another ticket for having worn tires.

So my wife called him a shit-head. He finished the second ticket and put it on the windshield with the first. Then he started writing a third ticket. This went on for about 20 minutes. The more we abused him, the more tickets he wrote.

Personally, we didn't care. We came into town by bus.

We try to have a little fun each day now that we're retired.

It's important at our age.

From The Editor:

Bob Buss

To those who missed the Open House you missed a lot of fun and flying. Pictures are on page 2. Fun was had by all who attended.

Thank You to all the volunteers who made the Open House a success.

Bob Buss

Retirement Is Great

Working people frequently ask retired people what they do to make their days interesting.

Well, for example, the other day my wife and I went into town and went into a shop.

We were only in there for about 5 minutes. When we came out, there

Airplane Cleaner:

5 cups water
1/2 cup of ammonia
1 cup rubbing alcohol
1 oz. of **DAWN** dish detergent

Mix all ingredients in a clean milk jug, pour enough in a small spray bottle for field use. This solution cuts thru the oil buildup on the underside of your plane and leaves it squeaky clean.

Caution: Dawn seems to be the only dish detergent that cuts all the oils and doesn't leave a residue on the

Wanted 100cc Airframe

I lost my 35% SD-models Yak yesterday (engine quit in inverted harrier). So I'm looking for a 100 cc airplane. I like Yaks, Caps, Extras, you-name-it. So if you know anyone that has a 100 cc airframe for sale, please contact me. I have engine, servos, radio, etc. so all I am looking to buy is the airframe itself.

I like to build, so with the bad weather upon us, I may just build a Dalton Aviation 35% Extra 260. Any opinions appreciated.

Editors Note:

As many of you already know it was decided at the January meeting that we would have meetings every month in 2009. However all meetings will not be business meetings. Some meetings will be more social type meetings were members and guests will get together and share ideas and visit with one another. So bring in your projects and share them with the rest of the Club.

Below is a schedule of meetings for 2009.

February 11*	Social Meeting
March 19	Business Meeting
April 16	Social Meeting
May 21	Business Meeting
June 18	Social Meeting
July 15*	Business Meeting
August 20	Social Meeting
September 17	Business Meeting
October 15	Social Meeting
November 19	Business Meeting
December 17	Social Meeting

* Meetings that are not on a Thursday

Meeting dates are also on the Web Site events calendar.
Looking forward to seeing you all soon.
