THE SENILITY PRAYER

Grant me the senility to forget the people I never liked anyway, the good fortune to run into the ones I do, and the eyesight to tell the difference.

The nice thing about being senile is you can hide your own Easter eggs.

Ahhhh Maturity

Getting old

I've sure gotten old. I've had two bypass surgeries, a hip replacement, new knees. Fought prostate cancer and diabetes. I'm half blind, can't hear anything quieter than a jet engine, take 40 different medications that make me dizzy, winded, and subject to blackouts. Have bouts with dementia. Have poor circulation; hardly feel my hands and feet anymore. Can't remember if I'm 85 or 92. Have lost all my friends. But, thank God, I still have my driver's license.

The Funeral

Just before the funeral services, the undertaker came up to the very elderly widow and asked, "How old was your husband?" "98," she replied. "Two years older than me." "So you're 96," the undertaker commented. She responded, "Hardly worth going home, is it?"
