Airplane Cleaner:

5 cups water
1/2 cup of ammonia
1 cup rubbing alcohol
1 oz. of **DAWN** dish
detergent

Mix all ingredients in a clean milk jug, pour enough in a small spray bottle for field use. This solution cuts thru the oil buildup on the underside of your plane and leaves it squeaky clean.

Caution: Dawn seems to be the only dish detergent that cuts all the oils and doesn't leave a residue on the plane.

Thoughts for the Day

Call Dig Rite Before you Dig

A man who has never made a woman angry is a failure in life.

- Christopher Morley

Life shrinks or expands in proportion to one's courage.

- Anais Nin

The only reason they say 'women and children first' is to test the strength of the lifeboats.
