### President's Plug

By  
Jim Bauer

Christy and I would like to wish everyone a happy Thanksgiving and hope to see you at the next meeting.

Jim

It's that time of the year to clear off your building table and get started on your winter projects. Just keep plenty of debonder handy to unglue those fingers. The field looks great, Christy has the watering down to a science, in fact we picked up a few new members that commented on how nice the field looks. Don't forget to catch your fuel vent overflow, we are making positive strides thanks to everyone's efforts.

See you all at the meeting

Open Topics

**See You There!**

### Secretary's Minutes

As recorded by  
John Bolesta

The October meeting was called to order at 7 pm by President Bauer with 3 officers, 2 board members and 8 members present for a total attendance of 13.

Treasurer Bauer reported a total of \$3161.38 in checking with all bills paid.

No safety issues were reported.

The field was reported to be green and is getting regular watering in 185 foot circles by the new sprinkler. Cigarette butts are still a problem.

Thanks again to Al and Ginny Grossman, Carl Stock, Clark Green, Harold Wedell, Steve Chapelle, Bob Buss, Tom Davis and Terry and many others for their efforts and monetary support.

Old business reported the success of the picnic with excellent weather and turn-out. 67 adults and 5 children attended. \$169 was donated at the picnic versus costs of \$216.

Alex, a worker at the local airports, donated a nice canopy for our use.

Quarterly meetings are not prohibited by the by-laws and will possibly be in January, April, June and November.

New business reports that the toilet will be removed on November 5. Also the very important issue of fuel spills, especially gasoline, was brought up.

Gas spills kill the grass and poison the soul deeply and are easily prevented by a little attention while refueling.

Members are asked to be careful of their fuel and help others practice good fuel hygiene.

Elections are in November and the current President, Treasurer and Secretary agreed to continue, if approved. Jim West offered to serve as Vice-president. Nominees can be added at the November meeting. Glidescope Hobby Shop, newly

### Airplane Cleaner:

5 cups water  
1/2 cup of ammonia  
1 cup rubbing alcohol  
1 oz. of **DAWN** dish detergent

Mix all ingredients in a clean milk jug, pour enough in a small spray bottle for field use. This solution cuts thru the oil buildup on the underside of your plane and leaves it squeaky clean.

**Caution:** Dawn seems to be the only dish detergent that cuts all the oils and doesn't leave a residue on the

opened in North County, has offered to donate an Arf to our next fly-in in exchange for an ad on our web site.

For Show and Tell, Bob Buss brought a scratch built Senior Kadet on floats with a Saito 65.

Gift cards from Mark Twain Hobby were won by Vince Russo and Ginny Grossman.

Meeting Adjourned at 7:45

## THE BOTTLE OF WINE

For all of us who are married, were married, wish you were married, or wish you weren't married, this is something to smile about the next time you see a bottle of wine:

Sally was driving home from one of her business trips in Northern Arizona when she saw an elderly Navajo woman walking on the side of the road. As the trip was a long and quiet one, she stopped the car and asked the Navajo woman if she would like a ride. With a silent nod of thanks, the woman got into the car.

Resuming the journey, Sally tried in vain to make a bit of small talk with the Navajo woman. The old woman just sat silently, looking intently at everything she saw, studying every little detail, until she noticed a brown bag on the seat next to Sally.

'What in bag?' asked the old woman.

Sally looked down at the brown bag and said, 'It's a bottle of wine. I got it for my husband.'

The Navajo woman was silent for another moment or two.

Then speaking with the quiet wisdom of an elder, she said:

'Good trade.'
