Airplane Cleaner:

5 cups water

1/2 cup of ammonia

1 cup rubbing alcohol

1 oz. of **DAWN** dish
detergent

Mix all ingredients in a clean milk jug, pour enough in a small spray bottle for field use. This solution cuts thru the oil buildup on the underside of your plane and leaves it squeaky clean.

Caution: Dawn seems to be the only dish detergent that cuts all the oils and doesn't leave a residue on the plane.

Meeting adjourned at 7:45 PM

Looks Fantastic

Thoughts for the Day

I made myself a snowball,
As perfect as could be,
I thought I'd keep it as a pet,
And let it sleep with me.
I made it some pajamas,
And a pillow for its head,
Then last night it ran away,
But first-- it wet the bed.

Some mistakes are too much fun to only make once.

A truly happy person is one who can enjoy the scenery on a detour.

Working for God on earth does not pay much, but His Retirement plan is out of this world.
