Airplane Cleaner:

5 cups water
1/2 cup of ammonia
1 cup rubbing alcohol
1 oz. of **DAWN** dish
detergent

Mix all ingredients in a clean milk jug, pour enough in a small spray bottle for field use. This solution cuts thru the oil buildup on the underside of your plane and leaves it squeaky clean.

Caution: Dawn seems to be the only dish detergent that cuts all the oils and doesn't leave a residue on the plane.

Thoughts for the Day

I made myself a snowball,
As perfect as could be,
I thought I'd keep it as a pet,
And let it sleep with me.
I made it some pajamas,
And a pillow for its head,
Then last night it ran away,
But first-- it wet the bed.

Some mistakes are too much fun to only make once.

A truly happy person is one who can enjoy the scenery on a detour.

The Swap Shop

Dan Dierking Sale FOR SALE: Goldberg Sukhoi - \$600

This plane is absolutely gorgeous and ready to fly after you add your receiver. The engine is a YS 140 Sport, the servos are JR 4721 for rudder and elevators, JR 531's for ailerons and JR 811 digital for throttle. The Sukhoi flies great precision aerobatics, has large control surfaces for 3D and has a super light wing loading so it slows down to a crawl for landing. This plane is available for local sale only and you may contact me to see it before you buy. I can also sell the JR R700 receiver in it for an additional \$50. I also purchased a Mc Daniel onboard glow driver, but never installed it because the engine runs so well. I will sell it for \$40, what I paid for it. Local pickup only. I'm selling to pay for my 30% project.

Call Dan @ 636-236-2693 for more info.
