Doug Bruening

There will be no Business meeting in December due to the Christmas Party.

As the year draws to a close I would like to thank all of you who have contributed to the development of our new field. We have truly created something wonderful in such a short amount of time. There were no doubt some great memories made this year at the field and I'm sure there will be many more to come. I hope you all have a safe and happy holiday.

Airplane Cleaner:

5 cups water
1/2 cup of ammonia
1 cup rubbing alcohol
1 oz. of **DAWN** dish detergent

Mix all ingredients in a clean milk jug, pour enough in a small spray bottle for field use. This solution cuts thru the oil buildup on the underside of your plane and leaves it squeaky clean.

Caution: Dawn seems to be the only dish detergent that cuts all the oils and doesn't leave a residue on the plane.
